Undergraduate Development Programme

CITB-ConstructionSkills NI delivers the Undergraduate Development Programme which assists students undertaking part-time or full-time Degree, HND or Foundation Degree courses relating to construction and the built environment.

The aim of this programme is to develop skills which employers are looking for in graduate level new entrants coming into the construction industry.

Tailor made FREE programme with £1,000 employer grant*.

A 10 day programme for undergraduate students who are on an employer placement during 2011/2012

This programme is free of charge to eligible CITB-ConstructionSkills NI registered in-scope employers. In addition an employer grant of £1,000 will be paid.*

Students are required to attend each of the 10 days training offered as part of the Undergraduate Development Programme during their placement. The programme is delivered at CITB-ConstructionSkills NI Nutts Corner Training Centre.

Course 4	18 Apr 12	25 Apr 12	02 May 12

Health & Safety

5 & 6 Oct 2011

Programme Information

This is a free training programme for Undergraduates currently on placement with registered CITB - ConstructionSkills NI in-scope companies.

TOPICS COVERED

Core Management

Aim – To equip participants with the essential management skills necessary to make an effective contribution to their organisations. Sessions are fast-paced, highly interactive and challenging using real world scenarios and delivered by high class trainers.

Craft Awareness Programme

Aim – To raise awareness and knowledge of on-site construction activities such as brickwork, joinery, plumbing and electrical.

Team Building

Aim – Providing training and experience in a range of practical and theoretical exercises. The participants will be provided with the opportunity to develop their personal skills in a range of construction related topics.

Health and Safety

Aim – A 2-day Health and Safety Awareness Course promoting the key health and safety issues, to give undergraduates underpinning knowledge in preparation for entry to the industry. (This training normally will have taken place before undergraduates have commenced their placement with employers).
