A Future in Construction

**CITB**

CONSTRUCTION INDUSTRY  
TRAINING BOARD NI

## CITB NI Construction Ambassador Programme

### Inspire Your Students with Real-World Construction Career Stories!

The **CITB NI Construction Ambassador Programme** brings the construction industry directly to your classroom, helping students explore dynamic career paths through engaging, first-hand insights.

# Our Construction Ambassadors are experienced professionals from across the construction trades and professions. They provide real-world perspectives on working in this diverse and rewarding industry.

## How Ambassadors Can Support Your School:

- ▶ **Interactive Careers Talks:** Engaging presentations about roles in construction.
- ▶ **Participation in Careers Events:** Ambassadors can represent the industry at your school's career fairs.
- ▶ **Hands-On Learning:** Facilitate job sampling or activity days.
- ▶ **Interview Prep:** Participate in mock interview days to prepare students for their futures.

## Why Choose the Construction Ambassador Programme?

By inviting a Construction Ambassador, you'll give your students the opportunity to:

- ▶ Discover the exciting variety of careers in construction, from engineering and project management to skilled trades.
- ▶ Learn about pathways like apprenticeships and training programs.
- ▶ Be inspired by the real-life journeys of industry professionals.

Our programme strengthens the connection between education and employment, helping students make informed decisions about their future.

## How to Request an Ambassador:

Booking an Ambassador is simple!

1. Email [amanda.stevenson@citbni.org.uk](mailto:amanda.stevenson@citbni.org.uk) with the details of your event (date, location, and type of activity).
2. We'll do our best to match your request with an available Ambassador.

**Note:** Ambassador availability may vary, but we will strive to accommodate your needs.

## Additional Resources for Schools:

CITB NI provides Ambassadors with supporting materials to make their visit impactful, including:

- ▶ Comprehensive career guides and publications.
- ▶ Interactive and engaging event collateral.

### Get Started Today!

Empower your students to build bright futures in construction by exploring the exciting opportunities this industry has to offer.
