

# CELEBRATING 60 YEARS OF CITB NI

## A PARTNERSHIP WITH HERON BROS

**As well as celebrating 60 years of supporting the local construction industry in skills development training and support, CITB NI is highlighting longstanding companies who have benefited from CITB NI's products and services. One such company is Heron Bros an award-winning construction and property development company with headquarters in Magherafelt and operating throughout the UK, Ireland and Europe.**

Over the years Heron Bros have benefited from CITB NI's products and services including training courses, grants and careers support. One of the key highlights includes the Mobile Training Unit for both training and increasing involvement with NI schools and colleges to promote construction as a professional, exciting career with multiple opportunities.

Heron Bros are committed to Building the Future Together and have combined traditional values with an advanced innovative approach to construction which delivers excellence in project value, quality and client satisfaction.

As an Investors In People Platinum business, winning the prestigious employer of the year category, developing skills and training has always been central to Heron Bros business with staff fully embracing every day as a learning day. The company has established the Heron Apprenticeship Programme, offering excellent opportunities in fields such as engineering, computing, site management, joinery, quantity surveying and motor vehicle. This programme enables participants to develop their skills and earn professional qualifications while working in an innovative, quality-focused environment.
