14						
15	Skills & Stories at Lissan House	A series of events based around heritage skills, taking place at Lissan House, Cookstown, in partnership with Ulster Architectural Heritage, supported by Department for Communities Historic Environment Fund. The day will include workshops, tours and skills demonstrations from 10am-4pm				
16						
17	CISRS scaffolding BASE - Basic access systems erector	The CISRS BASE course provides accredited training for non-scaffolders who erect, alter and dismantle very basic and routine scaffolding structures using a specific system scaffold product.				
3	17th to 21st Feb 2025	It provides operatives with limited skills and knowledge for safe use of a specific system scaffold product in accordance with the manufacturer's instructions within restricted working environments.				
18						
19						
	Blacksmithing Taster Session	This short taster session delivered by Hot Milk Forge will offer an introduction to the basic skills of blacksmithing. You will get an opportunity to forge your own poker to take home, using traditional tools and methods. All materials and PPE will be provided. No experience necessary!				
20	BIM Fundamentals with ISO19650 Standards at CITB NI 9:15am-1pm	This session will bring you up to speed on BIM essentials, refresh your knowledge, and show you how to apply BIM and ISO19650 principles across project management, document management, and facility management, ensuring alignment with industry standards and compliance.				
21						
22						
23						
24	CISRS scaffolding System scaffolding product training scheme (SSPTS) Kwikstage  24th & 25th Feb 2025	The 2 Day System Scaffolding Product Training Scheme (SSPTS) recognises the significant differences between the various system scaffold products covered by CISRS. It also provides structured training in system scaffold products for operatives who had previously only received training in tube and fittings. The scheme provides scaffolders with the skills and knowledge for the safe use of the system scaffold product, in accordance with the manufacturer's instructions.  These courses are only available to CISRS card holders who have successfully completed a minimum of CISRS Part 1 training or to those looking to renew a CISRS BASE Card.				
25						
26						
20		This 1-day workshop will offer participants the opportunity to work on their own small pieces everses				
27	Stone Carving 1-day Workshop	This 1-day workshop will offer participants the opportunity to work on their own small pieces overseen by experienced craftspeople. You will have the opportunity to try your hand at stone carving, producing a design of your choice to take home; whether you choose to focus on v-cutting to make your own door number, or to undertake a grotesque or green man, the limit is your imagination. All materials and lunch, tea and coffee will be provided. No experience necessary!
