CITB LITE Operatives and Specialist HS&E TEST

Due to the COVID-19 pandemic, all Pearson Vue Test Centres have temporarily closed.

CITB have developed an online health, safety and environment test that will enable employers to run this in-house. The application has a mock testing functionality for employees to take their test in the presence of a Manager.

CISRS has made the decision to accept the CITB LITE HS&E Test to apply for CISRS cards until Pearson Vue centres reopen. (Existing HS&E exemptions will continue to be accepted).

A printed copy of the pass/score report will need to be submitted with CISRS card applications along with a passport style photograph of the applicant.

The test can be accessed by following the HS&E Test link at https://www.citb.co.uk/urgent-messages/

For information, guidance and support on how to test employees, please see the Internal testing guidelines and contact HSEtestdev@citb.co.uk with any queries about the test.
