

Searching out talent in the construction industry

CONSTRUCTION Industry Training Board Northern Ireland (CITB NI) has launched its annual Skillbuild NI competition search for the top local construction apprentices from across Northern Ireland.

The Skillbuild NI competition is designed to test skills, technique

and ability within tight timeframes in order to win coveted titles in 10 different trade areas with categories ranging from brickwork to wall and floor tiling.

Each year it brings together the brightest talent to showcase the high level of skills and the impressive talent within the workforce

and celebrate the high standards of the training networks.

CITB NI will host the Skillbuild NI National Finals 2020 on May 19 and winners will have the opportunity to represent Northern Ireland in the Skillbuild UK or Skill M&E UK National Finals and potentially the UK at

WorldSkills.

Barry Neilson, Chief Executive, CITB NI said: "It is an exciting time for apprenticeships in the construction industry and CITB NI is committed to continuing with providing the industry with all the necessary development, training and support."
