CITB NI CONNECTS WITH WOMEN IN BUSINESS NI

CITB NI has joined Women in Business NI as a corporate member which will provide access to the WIB NI mentoring scheme for members of the CITB NI Women in Construction Network as well as an opportunity to attend free virtual events and avail of discounted development programmes.

Women in Business NI provides a wealth of opportunities for CITB NI members to develop their personal and professional growth through the Centre of Learning

The WIB NI mentoring programme will allow members of the WICN to match with mentors from outside the construction industry. This will provide a wider perspective than an industry-based mentoring scheme and will allow for cross-sectoral learning.

Barry Neilson, Chief Executive from CITB NI, says: "We are delighted to become members of Women in Business NI as this will provide great opportunities for mentoring and networking, not just for the Women in Construction Network, but also for our own female staff."

To participate in the mentoring programme you must be a member of the CITB NI Women in Construction Network, which is open to anyone working in the construction industry.
