Students learn about building a career

Henry Brothers in Magherafelt has been giving local school students the opportunity to learn about a career in construction.

Throughout 2023, the **Construction Industry Training Board NI (CITB NI)** has been working with post pri-

mary schools across NI on their campaign Build Your Career – a future in construction, which aims to showcase the options and pathways into the construction industry. Recently **CITB NI** partnered with W5, with support from Cool FM, to talk to Year 10 stu-

dents about the construction industry as well as the range of job options and qualifications required.

School students heard about construction careers, some interesting facts and had the opportunity to try out construction activities

from Henry Brothers. **CITB NI** plan similar events with W5 in 2024 aimed at higher level students.

For further details on a career in construction, for students and schools, go to <https://www.citbni.org.uk/careers.aspx>.
