## CITB NI SHOWS STUDENTS HOW TO BUILD YOUR CAREER

Throughout 2023 the **Construction Industry Training Board** NI (CITB NI) has been working with post primary schools on their campaign 'Build Your Career' – a future in construction, which aims to showcase the options and pathways into the construction industry.

Recently CITB NI partnered with W5, with support from Cool FM, to talk to Year 10 students about the construction industry as well as the range of job options and qualifications required. School students heard about construction careers, some interesting facts and had the opportunity to try out construction activities from employers: Henry Bros Ltd, Dawson Wam, MJM Marine and the Department for Communities Historic Environment Division.

CITB NI plans similar events with W5 in 2024 aimed at higher level students. For further information on a career in construction, for students and schools, visit [www.citbni.org.uk](http://www.citbni.org.uk)
