

SKILLS NI FINAL

Wednesday 4th May 2022

CITB NI Nutts Corner Training Centre

The Skills NI competition is designed to test skills, technique, ability within tight timeframes, and to identify the top performers in 10 different trade areas. It is a fantastic opportunity to showcase the high level of skills and the impressive talent within the workforce. Reflecting the high standards of training in our local training network and the commitment to excellence demonstrated by the competitors, SkillBuild NI is about raising the status and standards of professional and technical education and training.

SkillBuild NI couldn't happen without the support of the local sponsors and the training network and we extend our thanks to all who have helped the apprentices to be able to compete at this competition.

COMPETITION BRIEFINGS

The briefings given to competitors will be given by SkillBuild judges prior to commencement of the competition in their specific areas and will include a health and safety briefing. On the day, we ask you to provide the details in advance of any fire alarm tests, fire assembly points and routes, the contact details of the first aiders and the location of first aid stations, and any other information deemed appropriate. The judges will include these details in their briefings and, if appropriate, this information can be given to each individual competitor upon registration.
