FREE

to CITB NI registered employers. Please have your registration number available when booking.

£25 for non CITB NI registered attendees

Webinar Training Session

When?

Wednesday, 20 October 2021

10:00am – 12:00pm

**Zoom Webinar
Format**

PROGRAMME

- 10:00am** Welcome & Introduction
- 10:05am** CITB NI Products & Services Update
- 10:10am** Quality Control – Inspecting Skills (Concrete & Reinforcement)
- 12:00pm** Close

**BOOK
NOW**

Why attend?

By attending this webinar, you will have a greater understanding of the acceptance criteria for quality control inspections of concrete and reinforcement on your project.

You will be able to refer to information widely available from manufacturers to ensure that the products used and placement methods meet the specification requirements.

Who should attend?

Those responsible for carrying out quality control checks on a construction project, from site supervisors, engineers, to project managers, clients and designers.

Content includes:

Part A Concrete

- ▶ **Reviewing the specification** – the key information regarding quality.
- ▶ **Consistency / Slump** – the correct procedure to follow on site from equipment through to practical application.
- ▶ **Compressive strength** – Concrete Cubes – the correct procedure to follow on site from equipment through to practical application.
- ▶ **Reviewing test results for conformity.**
- ▶ **Placing and compacting concrete** – Best Practice.

Part B Reinforcement

- ▶ **Traceability of reinforcement** – identifying counterfeit products.
- ▶ **Reading reinforcement drawings** – understanding the Bar Mark information, including shape code and position.
- ▶ **Fixing of reinforcement** – Best Practice to achieve quality.

Webinar format:

The webinar will be delivered using the **Zoom** platform. When you book a place, before the session you will receive an email with a **registration link** to enable you to join the webinar.

Speaker Profile:

Lorna Hagan is Company Director of ConstructTuition and a Civil Engineer with 18 years' experience of site engineering and quality management systems within the construction industry. Lorna is a ISO9001 Lead auditor and previously worked as Head of Quality managing a £230million annual turnover portfolio of Civil Engineering projects.

Lorna has been delivering training in the construction environment for 5 years.
