

Energy Efficient Construction Seminars

These seminars will provide you with essential sustainable construction skills and knowledge. Hear about the NI government's latest energy efficiency initiatives and how you can access this work. Also hear from local construction companies who are leading the way with energy efficient building techniques.

Dates & Venues

Friday 6th December 2013, Killyhevlin Hotel, Enniskillen, 11.00 - 15.30

Wednesday 5th February 2014, CITB-ConstructionSkills NI, Crumlin, 09.00 - 13.30

NORTHERN IRELAND

Energy Efficient Construction

The **Federation of Master Builders** and **CITB-ConstructionSkills NI** are joining forces once again to deliver two seminars on energy efficient construction.

The seminars will begin with an overview of the NI government's recent energy efficiency strategies, including energy efficiency improvements in NIHE housing stock, the Affordable Warm Homes Scheme and the Empty Homes Strategy. Delegates will then hear from a number of local construction companies who will provide an insight into the practicalities of implementing sustainable and energy efficient techniques in their own projects. Furthermore, the audience will hear how this topic is approached in Germany, and how German techniques can be adapted and applied in Northern Ireland. In addition, speakers from FMB and CITB-ConstructionSkills NI will provide an overview of their products and services.

Speakers:

Welcome and FMB Services - Maire Nawaz, FMB NI

Energy Efficiency in the NI Housing Executive - Robert Clements / Noel Rice, NIHE

Affordable Warm Homes Scheme and Empty Homes Strategy
Department for Social Development

Building Skills for Sustainable Construction - Learning from Germany
Stephen Mulligan, Forthill Design & Development

Passive House Case Study - William Moffitt, Moffitt & Robinson

Thermal Bridging - Mark Gribbin, Setanta Construction

Hemp House Case Study - Professor Tom Woolley, Rachel Bevan Architects

Sustainable Cement - Chris Farr, Acheson Glover

Overview of CITB-ConstructionSkills NI Services - Barry Neilson, CITB-ConstructionSkills NI
